Dear Sir,

**Sub:** Commissioning of Halol Godhra Dahod Pipeline in Gujarat**Ref:** Clause 36 of Listing Agreement

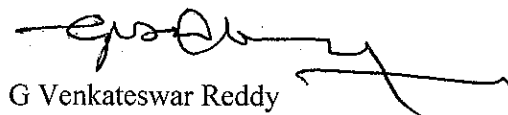

This is to inform that IL&FS Engineering and Construction Company Limited (the Company) has successfully commissioned Halol Godhra Dahod Pipeline Project in Gujarat. The project included laying 103 kms high pressure gas transmission pipeline on an EPC basis for Gujarat State Petronet Limited (GSPL). The pipeline network constitutes a main gas trunkline which takes gas from existing despatch station of Padmala – Halol pipeline at Halol to receiving station at Dahod in Gujarat. The client GSPL has developed this infrastructure to cater to the customers in East Gujarat region.

This pipeline project passes through wet & dry cultivated fields, rocky terrains, and forest zones which includes major crossing through rivers, canals, roads, railways, and so on. The commissioning of this project has proven that the Company has the capability to efficiently execute projects in unfavourable conditions to ensure it meets commitments made to the clients.

The Company is currently executing an EPC contract from Indian Strategic Petroleum Reserves Limited (ISPRL), Ministry of Petroleum and Natural Gas, Government of India that involves laying of pipeline from Mangalore Port to Mangalore/Padur Cavern for storage of crude oil project.

Thanking you,

Yours faithfully,  
for IL&FS Engineering and Construction Company Limited

G Venkateswar Reddy  
Company Secretary
